Tyler Palko, A&S ’06

Tyler is currently working for a global management consulting firm from Pittsburgh, Solutions 21. His role is the director of business development and leadership development with a primary focus on multi-generational integration within businesses and organizations. He creates leadership development programs that help attract retain and develop the best talent that is out there. Solutions 21 primary focus as a firm is to make sure companies are aligned properly from strategic, employee, process and tactical sides so that they can run more successfully.

Tyler is also President of the TC House, which helps individuals with Downs Syndrome in the area. They just finished building their first assisted living home in West Allegheny school district.
